

11<sup>th</sup> August, 2025

To whom it may concern,

It is my pleasure to recommend Ms Anna Nowotka, who has been part of the BELS teaching team during four separate summer periods: July–August 2022, July–August 2023, July–August 2024, and most recently throughout the month of July in 2025. Each time Anna has returned, she has brought with her the same high level of professionalism, enthusiasm, and commitment with a willingness to grow and improve.

Anna has consistently demonstrated versatility in the classroom, teaching both adults and young learners at a variety of language levels. She skilfully adapts her methods to meet the needs of each group, creating engaging lessons that inspire active participation. She has integrated Virtual Reality (VR) technology into lessons with confidence and creativity, as well as using her own games and interactive activities to deepen students' understanding.

Anna's professional qualities extend beyond lesson delivery. She is patient, empathetic, and an excellent communicator, which allows her to build strong rapport with students and colleagues alike. She is dependable, punctual, and always thoroughly prepared. Her openness to feedback and commitment to her own professional growth speak to her dedication as an educator.

I am confident that Anna will be a valuable asset to any institution as she is someone who combines skill, adaptability, and genuine care for her students.
